Scottish Gardens Tour

14 - 21 June 2026

An Exclusive Journey Through Scotland's Hidden Gardens

Join us in June 2026 for an unforgettable garden tour that takes you deep into the heart of Scotland's most enchanting and rarely seen landscapes. Over seven days, you'll experience private access to some of the most exquisite gardens in the Lothians, Borders, and along the breathtaking shores of Loch Ness, many of which are not open to the public.

What truly sets this tour apart is the warm and personal welcome extended by our garden hosts—owners and head gardeners who will share their passion and stories with you over tea, lunch, or a walk through their lovingly tended grounds. This is no ordinary garden tour; it's a rare and intimate encounter with the soul of Scottish gardens.

EXCEPTIONAL CASTLE EXPERIENCES

Royal Botanic Garden Edinburgh

Penicuik House

Your journey will begin with four nights at Penicuik House just south of Edinburgh. Nestled amid the designed landscape, Penicuik House was extensively refurbished in 2025 and offers modern luxury in one of the most important Palladian buildings of its time. By day you can enjoy the dramatic views of the surrounding moorlands, and by night, enjoy summer evenings in the Italian courtyard.

After exploring southern Scotland's finest gardens, you will venture north for three nights at the prestigious Tulchan Estate set amongst the Speyside hills. Ordinarily reserved for the exclusive use of members, you will stay in the majestic Tulchan Lodge and enjoy full member access throughout your stay, including the spa, Land Rover Safaris and sport on the estate, if desired. Effortless luxury and attention to the smallest detail makes Tulchan a truly magical offering that so few have the chance to experience.

Highlights of the 2026 Scottish Gardens Tour include a day behind the scenes at the Royal Botanic Garden Edinburgh and a private tour of The Duke of Buccleuch's Drumlanrig Castle, including the extensive castle gardens and the world renowned Buccleuch Art Collection, reflecting the collecting tastes over five centuries of the three families: the Montagus, the Douglases and the Scotts. Our visit will be hosted by the Buccleuch family and will offer a rare insight into caring for the extensive wild lands, farms, historic houses, and collections of the Buccleuch Estates.

By contrast, Jupiter Artland will provide an unforgettable experience exploring the award winning contemporary art park and sculpture garden. Hosted by its founder and philanthropist art collector, Nicky Wilson, you will discover the fascinating journey, motivations and meanings behind the art installations at one of Scotland's most innovative and significant arts organisations.
